

MINUTES
SHERWOOD WASTEWATER TREATMENT COMMITTEE

May 3, 2022

There was not a quorum present, and the meeting was cancelled without the Committee taking any action.

MINUTES
SHERWOOD WASTEWATER TREATMENT COMMITTEE

May 3, 2022

Only two voting members could be present so no business was transacted by the Committee. Richard Penn introduced the Sherwood Economic Development Director, Josh Alexander, to those present. Richard, Josh, and Larry Carpenter arranged to meet to discuss some issues related to Sherwood Wastewater and coordinating activities with Gravel Ridge, which is in Sherwood City Limits. There was also a reminder that the proposed Interlocal Agreement with North Little Rock will need to be discussed at the next meeting.
