

Glass Breaks!

Because glass breaks, it can make everything else in your curbside recycle cart less recyclable. So, effective April 1, don't put glass of any kind in your curbside recycle cart. Instead, please take all recyclable glass to our convenient Green Stations, and other drop-off locations.

Find out more by going to MyDoRight.com. At MyDoRight.com you'll find a list of glass recycling drop-off locations, and what type of glass is recyclable, and what is not.

Thanks for doing recycling right!
